FUEL SHORTAGE MORE SERIOUS; ONLY ONE CAR OF COAL ARRIVES

Consigned to Cottage Hotel, But
Part of it is Used to Relieve
Extreme Cases

POSTOFFICE ALLOWED SOME

On Verge of Closing When Allotment
is Received—No More Requests
For Coal

S. L. TRABUE CHANGES POLICY

Drop in Temperature Over Night
Adds to Suffering—All But
One Factory Opens

Two Cars of Coal Tomorrow
Two cars of coal are expect-
ed tomorrow afternoon by
Reed and Son. They should
have arrived this afternoon,
but the train was annulled.

One car load of coal arriving is
the record for the last twenty-four
hours here and the fuel shortage is
even more serious than it was the
latter part of last week or the first
of this week.

So many cases of distress because
of the lack of fuel have been report-
ed that part of the car of coal for
the Cottage hotel reaching here to-
day was allotted by the fuel admin-
istrator to the township trustee to
relieve them.

Conditions because of the scarcity
of coal are not improving, but are
growing worse. One car of coal a
day does not near meet the demand
that is being made on the dealers.
Industrial establishments which
have been closed for five days open-
ed today and will now take their
usual amount of coal each day.

Some profess to believe that this
community will begin to see in-
creased shipments of coal in a few
days, as the direct result of the
shutdown order, but others think
that if any relief is to be afforded
by the supply being cut off from
manufacturers, it would be noticed
by this time.

All factories re-opened here to-
day with the exception of the Pin-
nell-Tompkins planing mill. Park
and Innis-Pearce furniture factories
each received a car load of coal
yesterday, but will not be able to
run long if more coal does not arrive
soon. The Charles E. Francis com-
pany began operations today, but
has a very short supply of coal and
will not be able to run long if coal
does not arrive soon.

Fuel Administrator Trabue
announced today that hereafter
he would not make requests of
coal dealers to deliver coal to
places from whence requests
for fuel came to him.

"I will have to refuse to do
this in the future," said Mr.
Trabue. "If I followed this
policy, I would have to make an
order for every load of coal deliv-
ered, which would require an
office force to handle the busi-
ness. Hereafter dealers will deliv-
er coal as they receive or-
ders."

Moderation in temperature is
promised tonight, which may relieve
conditions somewhat, but a big drop
in temperature last night, coupled
with a bitter wind, made suffering
from the cold much greater.

The car of coal arriving today
was consigned to the Cottage hotel
but part of it was used for relief.
The postoffice was on the verge of
having to close because of the low
supply of fuel and part of it was
delivered there. Some was also al-
lowed the Giffin Dry Goods company
and some went to the Rushville
Glove company, in addition to that
for extreme cases of suffering. The
coal was handled by Will Trennep-
ohl.

The fuel administrator says there

An Embargo Is Declared to Move Coal

Washington, Jan. 23.—Director-
general McAdoo today again struck
at the paralyzing forces in the na-
tional railroad situation in the east,
declaring an embargo on all freight
shipment except fuel, food and nec-
essary war supplies over several
eastern trunk lines.

Work of coaling ships at port
continue. A score of ships were re-
ported coaled in New York harbor
alone during the last 24 hours.

The embargo covered the Penn-
sylvania east of Pittsburgh the B. &
O. east of the Ohio river and the
Philadelphia and Reading.

Ten million dollars must be raised
before June 30, McAdoo testified,
before the house interstate com-
merce committee today.

"Congressional delay in passing
the railroad legislation will hamper
the work," declared McAdoo.

is some confusion over the county
in regard to fuel orders. He empha-
sized that orders made by him for
opening and closing were still in full
force and effect.

From nine degrees below zero to
nine above, the mercury had climb-
ed in less than twelve hours last
night. Nine below was the coldest
point during the night and the latter
mark was touched at 11 o'clock this
morning. At seven o'clock this
morning, the temperature was still 8
degrees below zero. Last night's
temperature was ten degrees lower
than the previous night and was ac-
companied by a biting wind which
banked the falling snow. According
to the county weather observer, the
average snowfall over the county is
about 11 inches.

Rural route carriers again at-
tempted to cover their routes today
in spite of the fact that their pa-
trons over the county informed them
that roads were practically impass-
able because of the deep banks
which were rebuilt by last night's
snow storm and wind. The traction
cars are still running on a two hour
schedule. Mails were late again to-
day. Yesterday, indications were
that within a short time, the normal
schedules would be resumed, but
last night's weather interfered con-
siderably and the mail trains are
again running late.

THREE KILLED IN ACTION

Gen. Pershing Announces Loss of
Privates in France

(By United Press.)

Washington, Jan. 23.—Three Am-
ericans were killed in action with
the Germans yesterday, Gen. Persh-
ing reported today.

The dead are: Privates Albert
Cook, of New York, Garman of Vir-
ginia and Lade of Cleveland, Ohio.
The report carried only the bare
facts that the men were "killed in
action."

Seven deaths from natural causes
also were reported by Pershing.

DEFENDS WILSON'S CABINET

Pres. Gompers Speaks Before Unit-
ed Mine Workers Today

(By United Press.)

Indianapolis, Ind., Jan. 23.—Pres-
ident Samuel Gompers of the Amer-
ican Federation of Labor came to
the defense of the men in President
Wilson's war cabinet who are under
criticism today in an address before
the convention of the United Mine
Workers of America.

APPROPRIATIONS LAPSED

County Council Appropriates Money
For 1918 Work

The county council has made ap-
propriations for this year which
were made last year and lapsed at
the close of the year, according to
law. The two largest sums, under
this head were \$15,000 for court
house repairs and \$2,652.88 for
bridge repair. One hundred dollars
was appropriated for the County
Council of Defense and \$300 for the
Humphrey bridge. The county will
also pay for the decoration of the
commissioner's room which is being
used by the Red Cross surgical
dressings class and this amount will
be appropriated when the contract
is let.

SIXTY-FOUR MEN READY FOR ARMY

Twenty-Five Passed by Dr. W. S.
Coleman and Medical Advisory
Board Last Two Days

TWELVE MEN ARE REJECTED

Alien Enemy is Discovered During
Medical Examination and Put
in Class Five

Names of registrants classi-
fied yesterday and rulings of
the physician member of the
county board and the medical
advisory board will be found
on page seven today. Names of
registrants called for exami-
nation next Tuesday will be
found on page 8.

With twenty-five registrants re-
ported passed by the medical ad-
visory board and the physician member
of the county selection board in the
last two days, there are now sixty-
four men in Rush county ready to be
inducted into the national army.
Twelve were rejected as physically
unfit.

Twenty-five have been found phy-
sically fit in the last two days and
another group of twenty were being
examined today. Twenty registrants
were called today for physical ex-
amination next Tuesday. The group
called yesterday will report next
Monday instead of Tuesday, as was
incorrectly announced yesterday.

The army selection board classi-
fied eighty registrants yesterday,
one of them being a reclassification.
John A. Schurman, when being ex-
amined yesterday, was found to be
an alien enemy and therefore barred
from the army. The local board
overlooked the fact that he was a
native of Germany when he was
classified in one. He did not claim
class five because of being an alien
enemy, but was promptly placed in
class five when this fact was discov-
ered. He is the second alien enemy
found by the board this week.

Among the group classified yester-
day was a railway mail clerk—
Russell E. Embank—who is placed
in class three by the rules and regu-
lations because of his occupation.

Of the eighty classified, twenty-
eight were put in class one, seven in
two, one in three, twenty-seven in
four and seventeen in five. This
makes 1291 cases acted on to date,
442 of which have been put in class
one.

Dr. W. S. Coleman rejected ten
men for physical unfitness and held
fifteen as physically fit in the two
days examinations. The medical ad-
visory board rejected two and held
ten for service. Of the two rejected,
one opinion sustained Dr. Coleman
and the other reversed him. Of the
ten passed, two were reversals of
Dr. Coleman's ruling and eight sus-
tained him. One registrant was held
for limited service by the advisory
board.

OUTSIDE SPEAKER WILL BE CALLED IN

Will Address Some of Sunday Night
Union Services to be Held in
Next Few Weeks

A COMMITTEE IS IN CHARGE

Meetings to be Held at First Bap-
tist Church Because it Can be
Heated With Wood

All of the union services of the
churches during the Sunday even-
ings of the remaining part of Jan-
uary and February will be held in
the First Baptist church because the
church can be heated with wood;
outside speakers will talk at two of
the meetings and varied programs
will be furnished for the remaining
meetings; an endeavor will be made
to "pack the church to the doors"
on each Sunday evening; and an ad-
vertising and boosting campaign
will precede the services.

All of these decisions were made
at the meeting of the ministerial
association and representative lay-
men from the Protestant churches
of the city held in the director's
room of the People's National Bank
yesterday afternoon following the
meeting on the previous night when
it was decided to hold the Sunday
night services of the churches as
union services as a fuel conserva-
tion measure. The program for the
meetings was left to the committee
which met yesterday afternoon and
was composed of the ministers of
the churches and one layman from
each congregation.

On the last Sunday evening in
January and the last Sunday in
February, special speakers will be
engaged from other cities to address
the meetings. On February 3, the
Rev. J. T. Aiken of the United Pres-
byterian church and the Rev. C. S.
Black of the Methodist church will
speak. The following Sunday night,
February 10, three laymen will give
short addresses. They are Will M.
Sparks of the Methodist church, B.
F. Miller of the Christian church,
and T. M. Green of the United Pres-
byterian church. On Sunday even-
ing, February 17, the Rev. C. J. Bun-
nell and Rev. J. T. Aiken will speak.

MAN HELD HERE MAY BE ARMY DESERTER

Clarence (Alias Earl) Talbert, Ar-
rested on Vagrancy Charge,
Suspected by Police

HIS BROTHER ALSO DETAINED

After arresting Clarence (alias
Earl) Talbert and his brother, Paul
Talbert of Middletown, O., last night
at 11 o'clock on a vagrancy charge
and for creating a disturbance, it
was found that the former was prob-
ably the Talbert who was being
hunted as a deserter from the army
at Columbus, Ohio. Chief of Police
Yakey has a long distance call in
for the adjutant general of Ohio in
order that the man may be identified.

The arrest was made at the I. and
C. traction station last night by
Basil Seward and Marshall New-
house after they had heard that the
young men had been creating a dis-
turbance. It is alleged that they at-
tempted to injure Mrs. William
Nicholson of East Water street re-
cently when she attempted to drive
them out of the house. On first com-
ing to the city, they stayed at the
Nicholson home.

Both men pretended to have been
employed with the Innis-Pearce fac-
tory before it shut down and were
waiting for it to open. They said
their home was in Morristown. Clar-
ence Talbert has said during his
stay of two or three weeks here that
he had been in the army not long ago
and another report was, he came to
the city wearing khaki.

IS CALLED IN AS ADVISOR

E. B. Thomas One of 6 Red Cross
Chairmen to Attend Luncheon

E. B. Thomas, chairman of the
Rush County Red Cross society, is
one of the six county chairmen in-
vited by A. F. Bentley, state chair-
man of Red Cross, to attend the
luncheon being given Friday noon
at the Columbia Club in Indianapolis
when better organization for some
of the weaker chapters of the state
will be the subject of discussion.
With Rush county standing second
in the state in membership per cap-
ita and having one of the most per-
fected organizations in the state,
some of the plans of the local chap-
ter which have successful may be
followed in other places in the state.

PLANS BEING MADE TO ISSUE HISTORY

Title Will be "Rush County War Ac-
tivities, 1861 to 1918, at Home
And in the Field."

TO SELL FOR 25 CENTS A COPY

Will Contain Names of Every Mem-
ber of Red Cross, Along With
Other Valuable Data

Plans are being completed for the
publication of a history of "Rush
County War Activities, 1861 to 1918,
At Home and in the Field." The
book will contain a brief history
of the county's contributions to the
war of the Rebellion, the Span-
ish American war, including the
names of those who enlisted or were
called from the county in military
service, the names and rank of the
several officers chosen to command
the different units, and such infor-
mation regarding individual service as
is obtainable.

In addition to the record of mili-
tary service in the present war, it
will include the names of the offi-
cers and the committees in the var-
ious organizations in the county,
created for the purpose of partici-
pating in the war activities, such as
the Red Cross, County Council of
Defense, Food, and Fuel Adminis-
tration, Boy Scouts, and all other
patriotic, charitable, or philanthro-
pic societies that have been engaged
in activities pertaining to the war.

The work will also include a re-
cord of the several campaigns for
raising funds for various purposes,
such as Mess Funds for the military
unit, the first and second Liberty
Loans, Y. M. C. A. Fund, Red Cross
War Fund and the two Red Cross
membership drives, patriotic meet-
ings and other activities that go to
make up Rush county's record in the
war.

An important feature of the work
will be a complete roster of the
Rush County chapter of the Red
Cross, with the names of the officers
and committees, and the individual
members of the chapter and the sev-
eral auxiliaries. This honor roll will
include about nine thousand names,
and will be the most extensive list
ever published in connection with
any public movement, or activity in
the county.

The book will contain historic
data that will be valuable for refer-
ence, and of special interest to fu-
ture generations, who will be an-
xious to know who of their ancestors
participated in the war activities of
this epoch making period.

The name of every member of the
Red Cross in the county, at the time
of publication, will be on this honor
roll, and persons who are not mem-
bers, wishing to be included in the
list should join at once.

The book will be sold at 25 cents
a copy and persons desiring to see
are copies should make application
at their township Red Cross head-
quarters, or at the nearest bank,
designating the number they want.

Continued on Page 8

COUNTY WILL AID IN FOOD CAMPAIGN

Complete Plans For Survey to be
Made on February 4 Are Laid
At Purdue Last Week

SEED CORN INVESTIGATION

Grains, Vegetables, Sheep, Dairy
Products Will All be Brought
Up During the Campaign

Rush county farmers will have an
opportunity to take an active part
in the gigantic campaign to be con-
ducted over the state on the fourth
of February in the interests of in-
creased food production. Complete
plans for the campaign were laid at
the farmers meeting held at Purdue
university during last week when the
state organization was completed. A
survey of the entire county will
be taken for the purpose of locating
the amount of seed corn that each
farmer possesses, how much he
wants, to urge him to treat carefully
blighted plants and to conserve and
increase in every manner possible
Rush county's food production.

Mr. Henry of Purdue has been ap-
pointed by T. M. Coleman, head of
the county agents division, to lead
the campaign. Under Mr. Henry the
district leaders, over about five
counties each, will work. The county
agents will work under the district
leaders and under these come the
township leaders, who in turn will
instruct the community leaders. A
community leader will have juris-
diction over a territory covering
about 2 square miles, making about
4 community leaders to each town-
ship.

Preceding the day set for the
survey, the workers will conduct an
advertising campaign. Posters will
be placed in prominent places in-
forming the farmers of the purpose
of the movement. Windshield signs
will be distributed. All of these will
bear the slogan set for the cam-
paign, "Test every ear."

Registration cards will be dis-
tributed among the farmers to be filled
out. The cards are to show how
many men the farmer engaged in
work during last year, if he has en-
gaged help for the coming year, if
he can use boys during the summer
months, what he has paid for help,
the number of bushels of each grain
planted during last year and the
amount of seed required for the
coming year.

In this manner it is hoped, that
all of the seed corn for sale in the
county will be located. Charts made
up of the tabulated facts obtained
in this way will be posted in each
township where farmers may consult
them and supply their needs. Soy
beans, cow peas, oats, clover, pota-
toes and corn are mentioned on the
registering cards.

An especial plea will be made that
farmers fight smut on the oats crop.
According to the statistics gathered
by county emergency demonstration
agent, Marion Dietrick, approxi-
mately 300,000 bushels of oats or
eight per cent of last year's crop
was lost by smut. To save this
amount of oats would mean a saving
of \$18,000 for the farmers of the
county.

"A man that refuses to improve
his farm to the highest grade of ef-
ficiency this year is merely patting
the Kaiser on the back," stated Mr.
Dietrick in giving the report of the
institute held at Purdue. Better seed,
to reduce the insect fungus, and to
weed out the scrub stock will all be
purposes in the campaign.

The cattle question will also be
brought up. Mr. Dietrick has figured
that the average dairy cow has fur-
nished 3,380 pounds of milk in Rush
county during the past year. A fair
year for a good cow is 7,000 pounds
of milk. Farmers will be urged to
improve the standard of the stock.
An endeavor will be made to locate
sheep and to urge farmers to place
more sheep on their farms. There is

BARGAINS ARE ALWAYS ADVERTISED

HANDLING POULTRY IN WINTER

Many successful men and several experiment stations are satisfied that free range the year around, regardless of snow, rain, wind and cold, develops such a hardiness in fowls that they lay better than when kept in confinement, and that birds become accustomed to exposure and hardships, and that wallowing about in a foot of snow part of the day is just as good exercise as scratching in dry litter in a comfortable house and results in better profits.

There seems to be no data available on the method of handling fowls in winter as compared with close confinement, but poultrymen should adopt either one system or the other. To allow the fowls the freedom of the yard some days and keep them confined at other times is not conducive to the best results in egg production. Hens are creatures of habit to such an extent that if a flock of birds is removed from unsanitary, crowded quarters to a modern, well-equipped, properly ventilated house they are more than likely to fall off in their egg production for several weeks, not because the change is not for the better, but because it is something different.

A frequent change from confinement to range and from range to confinement, though it may be for the comfort and best interest of the fowls in the judgment of the caretaker, will so disturb the fowls that they will not know whether they are going out or staying in, and because of the perversity of hen nature they will want to do just what they cannot do and their nervous systems will be sufficiently disorganized to interfere with the proper functioning of the egg organs. To the average person this statement will undoubtedly seem far-fetched when applied to an animal of such low mentality as is ascribed to the hen, but practical poultrymen know how hard it is to encourage their fowls to lay during the winter and how easily they quit.

Corroding?

Hungary was once the granary of Europe. It lost that position, but remained the granary of the dual monarchy. The food situation at present, says the Philadelphia Record, is such that Hungary fears it cannot feed itself, and it refuses to divide with its partner in the crazy quilt that dominates an alien population that actually outnumbers the Germans and Magyars put together. Austria hates Prussia, but fears it, and allows itself to be used as a cat's paw in the Prussian scheme for world domination, in which the Austrians have little interest, and the Czechs a strong adverse interest. Hungary will not even feed Austria. These discordant and usually hostile elements are held together by the iron hand of military despotism, but circumstances are corroding the iron.

Mount Cenis Tunnel.

In boring the Mount Cenis tunnel gunpowder was used in the blasting operations, the charges being fired in front of a movable bulkhead, which was advanced as the work progressed. The credit of the work belongs to three Italian engineers, Sommeiller, Grandis and Grattoni. The boring was finished in 1870, and it was opened to traffic two years later, equipped with a double track railway. The total expenditure for building it was \$15,000,000, and took 13½ years to finish. The Sardinian government financed the entire undertaking. It is an example of tunnel construction by the drift method.

The best isinglass comes from Russia. It is made from the giant sturgeon, which abounds in the Caspian sea and other waters of that country.

For the use of bow-legged men a light, flexible frame has been invented to be strapped to a leg by a garter to make trousers hang straight.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

ANNUAL REPORT

Township Trustees' Annual Report to Advisory Board of Noble Township, Rush County, Indiana, showing Receipts, Disbursements and Balance of All Township Revenue for the year ending December 31, 1917:

Personal Points

—Harrie Jones was a business visitor in Indianapolis today.

—Mrs. C. M. Brooks of Glenwood was a visitor here yesterday.

—John T. Swain of Gwynneville spent yesterday here on business.

—Miss Mary Northam of Arlington was in the city yesterday shopping.

—Clifford Reddick has returned from a short business visit in New-castle.

—Mrs. A. E. Mahan went to Connersville yesterday for a visit with friends.

—Mrs. George Gray went to Brookville yesterday for a visit with relatives.

—Mrs. Jennie Barnard of Arlington was the guest of friends in this city yesterday.

—Miss Bertha Haywood was the guest of friends in Glenwood yesterday afternoon.

—Virgil Mahin of Manila is spending the week with Mr. and Mrs. S. R. Mahin near this city.

—Mr. and Mrs. Walter Hubbard have gone to Seymour for a visit with Mr. and Mrs. Ruby Davis.

—Mr. and Mrs. Roy Walton returned to their home in Connersville yesterday after a visit in this city.

—Mr. and Mrs. Marion Brooks returned to their home in Connersville yesterday after a visit in this city.

—Mrs. Wilbur Wilson has gone to Connersville where she was called by the death of her brother J. L. Champion.

—Miss Josephine Kelly spent the afternoon in Indianapolis with friends and will attend the theatre this evening.

—Miss Hazel Bennett has returned to her home in Connersville after a short visit here, the guest of Miss Gertrude Walters.

—Mrs. L. L. Endres and daughter Harriet Lee have returned from a month's visit with relatives at Peru and Bloomfield, Ind.

—Miss Helen Harrol of Indianapolis returned to her home this afternoon after a few days' visit here, the guest of relatives.

—Misses Dora Muhl and Louisa Mahin have returned to their home near this city after spending a few days with relatives in Manila.

—The Misses Lillian Rafferty and Lora Pearson of Shelbyville have returned to their home after spending a few days with friends here and at Manila.

J. L. CHAMPION DIES AT CONNERSVILLE

Former Rushville Man Expires of Brights Disease Tuesday Night at Nine O'clock

FUNERAL THURSDAY AT 2 P. M.

J. L. Champion, 43, a former resident of this city died last night shortly after nine o'clock at his home in Connersville after an illness which lasted almost three months of Bright's disease.

The deceased had been employed in this city as a paper hanger. He lived here 18 years and took his family to Connersville last March. He is survived by the widow two daughters, Ruth and Mary and one son, Clifford. His mother, Mrs. J. C. Champion of Madison, a sister, Mrs. Wilbur Wilson of this city, and one brother, Jerome Champion of Madison also survive.

Mr. Champion was a member of the Modern Woodmen lodge and the Christian church of this city. He had been employed with the Rex Manufacturing company at Connersville.

The funeral services will be conducted tomorrow afternoon at 2:30 o'clock at the late residence by the Rev. L. E. Brown and burial will be at Connersville.

FEW DAYS YET TO PAY WATER BILLS

Delinquents May Settle While List of Consumers to Turn Off is Being Completed

ABOUT 100 ARE STILL UNPAID

Due to the time which is necessary to get the list of delinquent water consumers ready to be given to Supt. Mahin, preparatory to the turning off of the water, a few days of grace have been given to the delinquents who are taking advantage of the extra time arriving at the city treasurers' office in great numbers yesterday and today to pay their bills.

About one hundred are still on the delinquent list, according to City Treasurer Helm, and unless the bills are paid before the list is given to Superintendent Mahin their water will be turned off.

Miss Elva Mull, daughter of Mr. and Mrs. W. A. Mull who has been very ill, is rapidly improving.

Days Pickings

Christian Fox is ill at his home in West First street.

A baby daughter was born to the wife of Herschell Beerhaft northeast of the city this morning.

Leland Campbell of McGill, Nev., formerly of this city has enlisted in the aviation service and is awaiting a call. He expects to be called within a month's time.

TWO GAMES THIS WEEK

The members of the Fairview Athletic association will play the Cambridge Independent basketball team on Sunday evening in the Fairview gym. The Em-Roes will play the members of the Fairview team on Wednesday evening, Jan. 30.

WANT ADS BRING RESULTS

You'll Like this soothing, healing balsam. And you'll find that it will give almost instant relief to severe coughs, colds and all irritations of the bronchial tubes.

San-Tox PINE BALSAM

With Menthol and Eucalyptus is a remarkably effective remedy, comprising the well known medicinal properties of White Pine, Wild Cherry, Balm of Gilead Buds, Blood Root, Glycerine, Menthol and Eucalyptus combined in very agreeable and aromatic form. The formula is time-tried and proven. As safe for children as for grown-ups.

Square Heads Learn Nothing

The Prussian square heads of the German military party have learned nothing from the agitation for a representative form of government in Germany. The exclusive right of the German emperor to make war or peace has been reaffirmed in the Prussian Chamber of Lords. The United States is making war, as has frequently been stated, not on the German people, but the war lords who, by the very system which the Prussian lords have reaffirmed, have been able to misrepresent the people and throw the whole world into chaos. As quoted in a dispatch from Berne, the resolution said:

"The Chamber of Lords firmly hopes that when peace is concluded the government will see that the rights of the Emperor of Germany are safeguarded. These rights are conceded to him by the constitution and peace should be commensurate with the sacrifices which have been made for the political and economic interests of the country."

Accompanying the resolution was this commentary:

"The President of the United States has asked if the German negotiations at Brest-Litovsk are in the name of the majority of the Reichstag or in the name of the military party. For our part we affirm that it is the German Emperor, who in terms of the constitution, has the exclusive right to make war and peace."

The Coal Shortage

Now that the government has gotten the labor question pretty well in control of railroad activities, it is to be hoped that the coal shortage can soon be remedied.

That was a master stroke of policy in the settlement, wherein the miners were required to put in a minimum of time each week, the penalty for failure to do so being fines in proportion to the dereliction. This provision strikes at the keynote of the trouble. The main reason why the country has suffered a coal shortage is simply that the coal has not been mined. Many causes have worked to produce this result. Part of these lay with the operators and part with the men. In some mines labor disputes interrupted operations; in others there seemed to be no ambition to show a large output, but rather the reverse.

The truth of the coal situation, taking the country as a whole, is that there is plenty of coal in the mines and plenty of men to get it out. If the two are properly connected up there is no valid reason why the country should suffer from a lack of fuel. If the operators will bend their energies to increasing their output rather than controlling the markets, the situation will soon take a turn for the better. Let us hope the recent settlement will have this effect.

As a sample of American thrift we might mention that wool is now around one dollar a pound, yet this country maintains 25,000,000 dogs at least 20,000,000 of which are utterly worthless. These 20,000,000 sheep, and are alone responsible for the incalculable scarcity of the wools in this country.

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets
The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.
Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.
You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Amusements
Thomas J. Geraghty formerly of this city, who has gained fame as a scenario writer wrote the scenario for the play "A Man's Man" which is being shown at the Princess theatre this evening and tomorrow afternoon the play are taken by J. Warren Kerrigan and Ida Lewis.

The character of John Stuart Webster, the mining engineer, who loves peace but makes fighting a business when forced into it, is a typical Kerrigan role. The scenes are laid in an Arizona desert, in Denver and New Orleans and in a Central American republic which is on the verge of a revolution.

Miss Lewis' role is that of the keeper of a "cantina," or drinking saloon, frequented by the lowest types of Central Americans. She was the wife of an artillery officer, one of the personal staff of the president of Sorbante, a Central American republic. Both president and his soldier were executed as the climax of a revolution, the faithful officer saving the president's little daughter from the palace of fire by placing her in the arms of his wife, who escaped.

If you have never seen how gracefully wooden Dutch shoes can be worn you should see June Caprice as the little Hollander in William Fox's "Every Girl's Dream," at the Gem theatre tomorrow.

But this is only one of the many charming little bits in this film play which is the most delightfully amusing picture in which the Sunshine Maid has ever appeared.

The story is laid in Holland and tells of the fortunes of a lost prince and princess who were living in the little town of Olenberg as foster children. It is filled with exciting intrigue and adventure and contains as sweet a love story as one ever saw.

Reports of Boston's recent municipal election sound as though the scene were laid in the tenderloin of New York or in Dead Man's Gulch. Col. Boston must surely have imported a new brand of culture; or is it "kultur?"

While the tangle continues in the affairs of the fuel administration we have always the consolation of knowing that spring is on the way and must come sooner or later.

Col. House may not have done much talking while in Europe, but from the results of his visit he must have had a spokesman who could talk some.

Wonder if Mother would have had such success with her culinary triumphs if she had had to cook a la Hoover.

HEAD STUFFED FROM CATARRH OR A COLD
Says Cream Applied in Nostrils Opens Air Passages Right Up.
Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.
Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves comes instantly.
It's just fine. Don't stay stuffed up with a cold or nasty catarrh.
Some good brood sows in Morgan Son's sale, Sat. Jan. 26.

Effective Horse Power
Perhaps you don't know that your horse is losing a large per cent of his power through poor harness. It's a fact though. Broken harness often causes runaways, and they often result fatally to the driver or animal. We have employed BOB WILLIAMSON, who is an expert harness man in every respect and can take care of any kind of repairing on your harness that is necessary. Harness is going to be higher and we would advise you to bring in your old harness and have it repaired and oiled at once.

There was a full attendance at the meeting of the cabinet of the Epworth League held at the home of Miss Hazel Stech in North Jackson street last evening. Reports from the heads of each of the departments showed excellent progress in each line of work. Fifty-two have been enrolled in the Morning Watch, 17 attended the last meeting of the Bible Study class, and 75 attended the meeting last Sunday evening, in spite of the weather according to the reports given. A Valentine social

I Edw. V. Jackson, the trustee

Washington township, Rush county,

diana do solemnly swear (or affi

that the preceding report of recei

and ser

account is true and correct, as I ve

believe; and I further declare that

sums with which I am charged in

report are all of the sums received

from the various sources toward

penditures credited, have been f

paid in the sums stated, and with

express or implied agreement that

of which shall be retained by

repaid to me or to any person

I further declare, and swear,

have received no money, nor artic

value, in consideration of any con

will be held next month in a home of one of the members in order that no fuel will be wasted. The membership of the League, totalling over one hundred was divided into committees which will begin on the various activities of League work in the near future. Plans for a "Sammy Service" to be held two weeks from Sunday when an honor roll will be presented by the League to the church and the attention of the entire meeting will turn to the soldiers who have gone from the church in to service were partially made at the meeting.

The contest in which every League in the district is entering was discussed and it was decided to make a vigorous effort to win the contest which will culminate at the League convention in the spring. Beginning next Sunday statistics for this contest will be gathered from the members. Mert Wolcott offered to give free drugs to anyone who was being aided through the Merrey and Help department of the League and was unable to buy them. The next meeting of the cabinet will be held with Mr. and Mrs. Wolcott on February 19.

The home of Mr. and Mrs. C. C. Cotton in Manilla was the scene of a prettily appointed dinner party, Saturday when they entertained in honor of the nineteenth birthday of their daughter Edna. Cut flowers and greenery were arranged about the dining room in artistic profusion and made a pretty center decoration for the table.

Covers were laid for Misses Faye and Freda Rash, Miss Gertrude Moore, Miss Justine Brown, Miss Faye John, the Misses Opal and Lillian Martyn, Miss Faye Edwards, and the Misses Marie and Emma Brown of Manilla, Miss Dora Mull and Louisa Mahin of this city, Miss Lillian Rafferty and Miss Lora Pearson of Shelbyville.

* * *

The Loyal Daughters class of the Main Street Christian Sunday school which has turned out a great amount of Red Cross work during the summer and fall spent most of the meeting which was held last night at the home of Miss Rema Mahin, 830 North Morgan street, in Red Cross work.

The regular business meeting was held and at the close of the evening the hostess, who was assisted by Miss Sylvia Lakin, Miss Frances McMahin and Miss Mable Mahin, served a two course luncheon.

Mrs. Sarah Guffin entertained with a prettily appointed dinner today honoring Lieut. H. V. Logan who will leave Friday for Ft. Riley, Kan., to take training in the medical department of the officers reserve. The guests included Lieut. and Mrs. Logan and daughter Olive, Clarence Carney and daughter Marian.

79 Dr. and Mrs. J. T. Paxton are en-
 80 tertaining with a six o'clock dinner
 49 party this evening in honor of Lieut.
 85 H. V. Logan. The guests include
 72 Dr. and Mrs. Verl Bebout, Lieut. and
 00 Mrs. Logan, Mrs. H. H. Elliott and
 00 daughter Florence, Rev. and Mrs.
 00 John Aikin, and Mrs. Mary Paxton
 99 of Hamilton, Ohio.

A number of tickets have been sold for the Firemen's ball to be held at the Modern Woodmen hall this evening, the proceeds from which will go toward buying uniforms for the firemen. A Connorsville orchestra will play for the dance and everyone is invited.

Indianapolis, Indiana, Jan. 19, 1918.

Mr. John B. Morris,
Rushville, Indiana.

Dear Sir:—No one can tell at this time what the situation is going to be in regard to making shipments later on in the season, nor can we tell whether or not we shall be able to get all the material necessary to furnish all of the parts required to take care of your requirements.

In order to protect you and your customers, as well as ourselves, to as great an extent as possible, we should like for you to see that your farmer customers order from you, and you from us, such repairs as may be necessary to put their tools, where they are to be repaired, in first class condition, ready for use; also snares and other parts that will be needed from time to time during the plowing, seeding and cultivating season.

Very truly yours,

OLIVER CHILLED PLOW WORKS
C. F. ROGERS, Manager

The above letter has been received by me direct from the manager of the Oliver Chilled Plow Works, and explains very thoroughly the present situation. Your orders are solicited.

John B. Morris

MRS. FRANK STIFFLER.
MRS. ED LYONS. 26811

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder. Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root a physician's prescription for special diseases, makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Daily Republican.—(Adv.)

County News

Fairview
Miss Eva Bowles and Glen Smelser have returned from Camp Taylor Ky. where they were the guests of Lt. and Mrs. Herman Smelser. Lt. Smelser met with a painful accident recently when the horse which he was riding fell and caught the riders foot under its body. One of the bones in his leg was broken.
Mr. and Mrs. Walter Rees have moved from the Edward Piper farm to their home in Fairview which they recently purchased from Wilbur Gibbs.

Mr. and Mrs. Allen Chance, Miss Ione Piper and Glen Smelser were the guests of Mr. and Mrs. Wilbur Gibbs Saturday evening.

On account of the cold weather there were no services at the Fairview Christian church Sunday.

The farm formerly owned by Webb Ensinger has been sold to Mrs. Elizabeth Stolz. The farm contains sixty acres and was sold for \$14,000.

Neffs Corner
The revival meeting which has been in process at the Hopewell United Brethren church has closed on account of the deep snow and severe weather. The Rev. Mr. Thornburg who conducted the meetings returned to his home Thursday.

Roscoe Lefforge transacted business at Milroy, Thursday.

Angus Miller sold forty-five head of hogs to Bert Beaver of New Salem Thursday.

William Scott and John Rychman were business visitors in Rushville Thursday.

Walter Sherwood visited friends in Laurel Thursday.

Dr. H. C. Metcalf of Andersonville is very ill and is under the care of his father, Dr. H. P. Metcalf of New Salem.

Mr. and Mrs. James Rychman of Andersonville have moved to the farm of Roscoe Linville.

The Neffs Corner school has been closed by the trustee, E. A. Farthing on account of the deep snow through which the school hack can not travel.

Doyle Emsweller is seriously ill, suffering with the measles.

NATURALIZATION PROBE

(By United Press.)
Washington, Jan. 23.—A nation wide probe of naturalization papers is being conducted by the department of justice. Already frauds in obtaining citizenship was uncovered in large numbers. Officials think through this discovery they have broken another thread in the German spyweb.

VINOL CREATES STRENGTH

Positive—Convincing Proof

It is all very well to make claims, but can they be proven? We publish the formula of Vinol to prove the statements we make about it.

It Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycophosphates, Cascaria.

Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.

All weak, run-down, overworked nervous men and women may prove this at our expense.

There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection.

F. B. JOHNSON & CO., Druggists, Rushville, and at the best drug store in every town and city in the country.

Must Be a Year of SERVICE

The Keynote was struck by a young Aviator Instructor not long ago. When addressing his men he said:

"MEN, WE MUST REALIZE WHEN WE COME INTO THE SERVICE OF OUR COUNTRY THAT WE ARE NOT ONLY FIGHTING FOR FREEDOM, BUT FOR THAT OF HUMANITY AND RIGHTEOUSNESS."

Can there be any more splendid resolve, with this ideal in view, than that we stand—to a man—by our President and our Country until this war is won?

To AID in the Successful Termination of this world war we must each of us help in every way we can. We should conduct our business affairs along conservative lines, that our Earnings and Profits may be available for every Need and Call of Our Country.

SEVERAL MEN ENROLL IN WORKING RESERVE.

Mechanics and Wood Workers Give Names to County Agent to Be Sent on to Washington

MUST BE OUT OF DRAFT AGE

Several men have already enrolled with A. L. Stewart, county enrolling agent, signifying their willingness to serve the government in the capacity for which they are best fitted. Two of the men are woodworkers, three are finishers, one is a band sawer, and two are mechanics. The names of the men have been sent to headquarters at Washington and when they are needed, they will be called by the government. The list from this city will not be as long as it will from some other towns of its size where there are more factories located.

Men enrolling in this way cannot be of draft age and must be between 18 and 21 or over 31. Mr. Stewart stated this morning that the men who had enrolled from here if they were called might be assigned to work in constructing aeroplanes.

BLOW TORCH CAUSES FIRE

Small Damage Done by Blaze to I. & C. Supply House

Thawing frozen water pipes with torches caused a small blaze at the supply house back of the I. & C. traction station this morning at 7:40 o'clock. A part of the building near the pipes burned, causing a loss of about \$5. The alarm was phoned in and the chemical wagon from the fire department answered the call. The chemicals quickly extinguished the fire.

Rests Fine All Through Night

Nerves Used to Keep Her Awake But It's Different Since Tanlac Came

"I used to be so nervous that there were lots of nights that I couldn't get to sleep until almost morning," said Mrs. Ike Slessinger, 945 North Illinois street.

"Any sudden noise would just make me jump. The loss of sleep was telling on me, too, for I was getting thinner and thinner.

"My appetite was poor also. I didn't eat very much and what little I did eat would cause gas to form in my stomach and make me feel bloated.

"Well, I read so much about Tanlac that finally I tried it. The first bottle helped me. Yes, sir, it put my stomach back in good shape but I kept on taking Tanlac and after the second bottle I began sleeping better.

"I'm not half as nervous now as I used to be and I sleep fine all through the night. I've gained five pounds in weight, too.

I think Tanlac is a grand medicine and I recommend it."

Tanlac is designed especially to build up run-down systems. Get Tanlac if you are not feeling right and get it today. You can get Tanlac at P. E. Wolcott's drug store.—(Adv.)

ADDITIONAL SOCIETY

(Continued From Page 6.)

for a number of the members of the Sorosis club to attend the meeting here yesterday, the meeting was postponed indefinitely.

The regular meeting of the Kappa Kappa sorority was held last night at the home of Miss Helen Black in North Jackson street. Following a short business session the meeting was changed into a knitting party after which the hostess served a one course luncheon. The next meeting will be held Monday evening at the home of Mrs. Roy Harrold in North Perkins street.

Mrs. Lou Link was hostess to the members of the Missionary society of the First Presbyterian church yesterday afternoon when the regular meeting was held at her home in North Perkins street. A short business session followed by a social hour comprised the afternoon's meeting.

Mrs. Charles Green was hostess to the members of her Five Hundred club last night at her home in West 11th street. Guests for three tables were entertained and a dainty luncheon was served.

Dr. and Mrs. J. B. Kinsinger entertained at dinner last evening at their home in North Harrison street when their guests were Mr. and Mrs. T. W. Betker.

The case of the Motor Securities company against the Lexington Howard Automobile company of Connersville for \$1,100 on a contract has reached the circuit court here on a change of venue.

Multiplied centuries ago the wise men of the orient were asking "Why does a good man have trouble in this world?" Do you know why? If not come to the First Presbyterian mid-week prayer service tomorrow night at 7:30 o'clock at the parlor of the Cottage Hotel and help find out what the Book of Job has to say about this important problem of human life. Special music will be an interesting part of the service. 26941

E. A. LEE The Price Is Right

FUEL SHORTAGE MORE SERIOUS; ONLY ONE CAR OF COAL ARRIVES

Consigned to Cottage Hotel, But
Part of it is Used to Relieve
Extreme Cases

POSTOFFICE ALLOWED SOME

On Verge of Closing When Allotment
is Received—No More Requests
For Coal

S. L. TRABUE CHANGES POLICY

Drop in Temperature Over Night
Adds to Suffering—All But
One Factory Opens

Two Cars of Coal Tomorrow
Two cars of coal are expect-
ed tomorrow afternoon by
Reed and Son. They should
have arrived this afternoon,
but the train was annulled.

One car load of coal arriving is
the record for the last twenty-four
hours here and the fuel shortage is
even more serious than it was the
latter part of last week or the first
of this week.

So many cases of distress because
of the lack of fuel have been report-
ed that part of the car of coal for
the Cottage hotel reaching here to-
day was allotted by the fuel admin-
istrator to the township trustee to
relieve them.

Conditions because of the scarcity
of coal are not improving, but are
growing worse. One car of coal a
day does not near meet the demand
that is being made on the dealers.
Industrial establishments which
have been closed for five days open-
ed today and will now take their
usual amount of coal each day.

Some profess to believe that this
community will begin to see in-
creased shipments of coal in a few
days, as the direct result of the
shutdown order, but others think
that if any relief is to be afforded
by the supply being cut off from
manufacturers, it would be noticed
by this time.

All factories re-opened here to-
day with the exception of the Pin-
nell-Tompkins planing mill. Park
and Innis-Pearce furniture factories
each received a car load of coal
yesterday, but will not be able to
run long if more coal does not arrive
soon. The Charles E. Francis com-
pany began operations today, but
has a very short supply of coal and
will not be able to run long if coal
does not arrive soon.

Fuel Administrator Trabue
announced today that hereafter
he would not make requests of
coal dealers to deliver coal to
places from whence requests
for fuel came to him.

"I will have to refuse to do
this in the future," said Mr.
Trabue. "If I followed this
policy, I would have to make an
order for every load of coal deliv-
ered, which would require an
office force to handle the busi-
ness. Hereafter dealers will de-
liver coal as they receive or-
ders."

Moderation in temperature is
promised tonight, which may relieve
conditions somewhat, but a big drop
in temperature last night, coupled
with a bitter wind, made suffering
from the cold much greater.

The car of coal arriving today
was consigned to the Cottage hotel
but part of it was used for relief.
The postoffice was on the verge of
having to close because of the low
supply of fuel and part of it was
delivered there. Some was also al-
lowed to the Giffin Dry Goods company
and some went to the Rushville
Glove company, in addition to that
for extreme cases of suffering. The
coal was handled by Will Trenne-
mond.

The fuel administrator says there

An Embargo Is Declared to Move Coal

Washington, Jan. 23.—Director-
general McAdoo today again struck
at the paralyzing forces in the na-
tional railroad situation in the east,
declaring an embargo on all freight
shipment, except fuel, food and nec-
essary war supplies over several
eastern trunk lines.

Work of coaling ships at port
continue. A score of ships were re-
ported coaled in New York harbor
alone during the last 24 hours.

The embargo covered the Penn-
sylvania east of Pittsburg the B. &
O. east of the Ohio river and the
Philadelphia and Reading.

Ten million dollars must be raised
before June 30, McAdoo testified,
before the house interstate com-
merce committee today.

"Congressional delay in passing
the railroad legislation will hamper
the work," declared McAdoo.

is some confusion over the county
in regard to fuel orders. He empha-
sized that orders made by him for
opening and closing were still in full
force and effect.

From nine degrees below zero to
nine above, the mercury had climb-
ed in less than twelve hours last
night. Nine below was the coldest
point during the night and the latter
mark was touched at 11 o'clock this
morning. At seven o'clock this
morning, the temperature was still 8
degrees below zero. Last night's
temperature was ten degrees lower
than the previous night and was ac-
companied by a biting wind which
banked the falling snow. According
to the county weather observer, the
average snowfall over the county is
about 11 inches.

Rural route carriers again at-
tempted to cover their routes today
in spite of the fact that their pa-
trons over the county informed them
that roads were practically impass-
able because of the deep banks
which were rebuilt by last night's
snow storm and wind. The traction
cars are still running on a two hour
schedule. Mails were late again to-
day. Yesterday, indications were
that within a short time, the normal
schedules would be resumed, but
last night's weather interfered con-
siderably and the mail trains are
again running late.

THREE KILLED IN ACTION

Gen. Pershing Announces Loss of
Privates in France

(By United Press.)
Washington, Jan. 23.—Three Am-
ericans were killed in action with
the Germans yesterday, Gen. Pershing
reported today.

The dead are Privates Albert
Cook, of New York, Garman of Vir-
ginia and Lade of Cleveland, Ohio.
The report carried only the bare
facts that the men were "killed in
action."

Seven deaths from natural causes
also were reported by Pershing.

DEFENDS WILSON'S CABINET

Pres. Gompers Speaks Before Unit-
ed Mine Workers Today

(By United Press.)
Indianapolis, Ind., Jan. 23.—Pres-
ident Samuel Gompers of the Amer-
ican Federation of Labor teams to
the defense of the men in President
Wilson's war cabinet who are under
criticism today in an address before
the convention of the United Mine
Workers of America.

APPROPRIATIONS LAPSED

County Council Appropriates Money
For 1918 Work

The county council has made ap-
propriations for this year which
were made last year and lapsed at
the close of the year, according to
law. The two largest sums, under
this head were \$15,000 for court
house repairs and \$2,652.88 for
bridge repair. One hundred dollars
was appropriated for the County
Council of Defense and \$300 for the
Humphrey bridge. The county will
also pay for the decoration of the
commissioner's room which is being
used by the Red Cross, surgical
dressings class and this amount will
be appropriated when the contract
is let.

SIXTY-FOUR MEN READY FOR ARMY

Twenty-Five Passed by Dr. W. S.
Coleman and Medical Advisory
Board Last Two Days

TWELVE MEN ARE REJECTED

Alien Enemy Is Discovered During
Medical Examination and Put
in Class Five

Names of registrants classi-
fied yesterday and rulings of
the physician member of the
county board and the medical
advisory board will be found
on page seven today. Names of
registrants called for examina-
tion next Tuesday will be
found on page 8.

With twenty-five registrants re-
ported passed by the medical advis-
ory board and the physician member
of the county selection board in the
last two days, there are now sixty-
four men in Rush county ready to be
inducted into the national army.
Twelve were rejected as physically
unfit.

Twenty-five have been found phys-
ically fit in the last two days and
another group of twenty were being
examined today. Twenty registrants
were called today for physical ex-
amination next Tuesday. The group
called yesterday will report next
Monday instead of Tuesday, as was
incorrectly announced yesterday.

The army selection board classi-
fied eighty registrants yesterday,
one of them being a reclassification.
John A. Schurman, when being ex-
amined yesterday, was found to be
an alien enemy and therefore barred
from the army. The local board
overlooked the fact that he was a
native of Germany when he was
classified in one. He did not claim
class five because of being an alien
enemy, but was promptly placed in
class five when this fact was discover-
ed. He is the second alien enemy
found by the board this week.

Among the group classified yester-
day was a railway mail clerk—
Russell E. Eubank—who is placed
in class three by the rules and regu-
lations because of his occupation.

Of the eighty classified, twenty-
eight were put in class one, seven in
two, one in three, twenty-seven in
four and seventeen in five. This
makes 1291 cases acted on to date,
442 of which have been put in class
one.

Dr. W. S. Coleman rejected ten
men for physical unfitness and held
fifteen as physically fit in the two
days examinations. The medical ad-
visory board rejected two and held
ten for service. Of the two rejected,
one opinion sustained Dr. Coleman
and the other reversed him. Of the
ten passed, two were reversals of
Dr. Coleman's ruling and eight sus-
tained him. One registrant was held
for limited service by the advisory
board.

OUTSIDE SPEAKER

Will Be Called In

Will Address Some of Sunday Night
Union Services to be Held in
Next Few Weeks

A COMMITTEE IS IN CHARGE

Meetings to be Held at First Bap-
tist Church Because It Can be
Heated With Wood

All of the union services of the
churches during the Sunday even-
ings of the remaining part of Jan-
uary and February will be held in
the First Baptist church because the
church can be heated with wood;
outside speakers will talk at two of
the meetings and varied programs
will be furnished for the remaining
meetings; an endeavor will be made
to "pack the church to the doors"
on each Sunday evening; and an ad-
vertising and boosting campaign
will precede the services.

All of these decisions were made
at the meeting of the ministerial
association and representative lay-
men from the Protestant churches
of the city held in the director's
room of the People's National Bank
yesterday afternoon following the
meeting on the previous night when
it was decided to hold the Sunday
night services of the churches as
union services as a fuel conserva-
tion measure. The program for the
meetings was left to the committee
which met yesterday afternoon and
was composed of the ministers of
the churches and one layman from
each congregation.

On the last Sunday evening in
January and the last Sunday in
February, special speakers will be
engaged from other cities to address
the meetings. On February 3, the
Rev. J. T. Aiken of the United Pres-
byterian church and the Rev. C. S.
Black of the Methodist church will
speak. The following Sunday night,
February 10, three laymen will give
short addresses. They are Will M.
Sparks of the Methodist church, B.
F. Miller of the Christian church,
and T. M. Green of the United Pres-
byterian church. On Sunday even-
ing, February 17, the Rev. C. J. Bun-
nell and Rev. J. T. Aiken will speak.

MAN HELD HERE MAY BE ARMY DESERTER

Clarence (Alias Earl) Talbert, Ar-
rested on Vagrancy Charge,
Suspected by Police

HIS BROTHER ALSO DETAINED

After arresting Clarence (alias
Earl) Talbert and his brother, Paul
Talbert of Middletown, O., last night
at 11 o'clock on a vagrancy charge
and for creating a disturbance, it
was found that the disturbance was
probably the Talbert who was being
hunted as a deserter from the army
at Columbus, Ohio. Chief of Police
Yakey has a long distance call in
for the adjutant general of Ohio in
order that the man may be identified.

The arrest was made at the I. and
C. traction station last night by
Basil Seward and Marshall New-
house after they had heard that the
young men had been creating a dis-
turbance. It is alleged that they at-
tempted to injure Mrs. William
Nicholson of East Water street re-
cently when she attempted to drive
them out of the house. On first com-
ing to the city, they stayed at the
Nicholson home.

Both men pretended to have been
employed with the Innis-Pearce fac-
tory before it was closed and were
waiting for it to open. They said
their home was in Middletown. Claren-
ce Talbert has a record during his
stay of two or three weeks here that
he had been in the army not long ago
and another report was the same to
the city wearing khaki.

IS CALLED IN AS ADVISOR

E. B. Thomas One of 6 Red Cross
Chairmen to Attend Luncheon

E. B. Thomas, chairman of the
Rush County Red Cross society, is
one of the six county chairmen in-
vited by A. F. Bentley, state chair-
man of Red Cross, to attend the
luncheon being given Friday noon
at the Columbia Club in Indianapolis
when better organization for some
of the weaker chapters of the state
will be the subject of discussion.
With Rush county standing second
in the state in membership per cap-
ita and having one of the most per-
fected organizations in the state,
some of the plans of the local chap-
ter which have successful may be
followed in other places in the state.

PLANS BEING MADE TO ISSUE HISTORY

Title Will be "Rush County War Ac-
tivities, 1861 to 1918, at Home
And in the Field."

TO SELL FOR 25 CENTS A COPY

Will Contain Names of Every Mem-
ber of Red Cross, Along With
Other Valuable Data

Plans are being completed for the
publication of a history of "Rush
County War Activities, 1861 to 1918,
At Home and in the Field." The
book will contain a brief history
of the county's contributions to the
war of the Rebellion, the Span-
ish American war, including the
names of those who enlisted or were
called from the county in military
service, the names and rank of the
several officers chosen to command
the different units, and such infor-
mation regarding individual service as
is obtainable.

In addition to the record of mili-
tary service in the present war, it
will include the names of the offi-
cers and the committees in the var-
ious organizations in the county,
created for the purpose of partici-
pating in the war activities, such as
the Red Cross, County Council of
Defense, Food, and Fuel Adminis-
tration, Boy Scouts, and all other
patriotic, charitable, or philanthro-
pic societies that have been engaged
in activities pertaining to the war.

The work will also include a re-
cord of the several campaigns for
raising funds for various purposes,
such as Mess Funds for the military
unit, the first and second Liberty
Loans, Y. M. C. A. Fund, Red Cross
War Fund and the two Red Cross
membership drives, patriotic meet-
ings and other activities that go to
make up Rush county's record in the
war.

An important feature of the work
will be a complete roster of the
Rush County chapter of the Red
Cross, with the names of the officers
and committees, and the individual
members of the chapter and the sev-
eral auxiliaries. This honor roll will
include about nine thousand names,
and will be the most extensive list
ever published in connection with
any public movement, or activity in
the county.

The book will contain historic
data that will be valuable for refer-
ence, and of special interest to fu-
ture generations, who will be anx-
ious to know who of their ancestors
participated in the war activities of
this epoch making period.

The name of every member of the
Red Cross in the county, at the time
of publication, will be on this honor
roll, and persons who are not mem-
bers, wishing to be included in the
list, should join at once.

COUNTY WILL AID IN FOOD CAMPAIGN

Complete Plans For Survey to be
Made on February 4 Are Laid
At Purdue Last Week

SEED CORN INVESTIGATION

Grains, Vegetables, Sheep, Dairy
Products Will All be Brought
Up During the Campaign

Rush county farmers will have an
opportunity to take an active part
in the gigantic campaign to be con-
ducted over the state on the fourth
of February in the interests of in-
creased food production. Complete
plans for the campaign were laid at
the farmers meeting held at Purdue
university during last week when the
state organization was completed.
A survey of the entire county will
be taken for the purpose of locating
the amount of seed corn that each
farmer possesses, how much he
wants, to urge him to treat carefully
blighted plants and to conserve and
increase in every manner possible
Rush county's food production.

Mr. Henry of Purdue has been ap-
pointed by T. M. Coleman, head of
the county agents division, to lead
the campaign. Under Mr. Henry the
district leaders, over about five
counties each, will work. The county
agents will work under the district
leaders and under these come the
township leaders, who in turn will
instruct the community leaders. A
community leader will have juris-
diction over a territory covering
about 2 square miles, making about
4 community leaders to each town-
ship.

Preceding the day set for the
survey, the workers will conduct an
advertising campaign. Posters will
be placed in prominent places in-
forming the farmers of the purpose
of the movement. Windshield signs
will be distributed. All of these will
bear the slogan set for the cam-
paign, "Test every ear."

Registration cards will be distri-
buted among the farmers to be filled
out. The cards are to show how
many men the farmer engaged in
work during last year, if he has en-
gaged help for the coming year, if
he can use boys during the summer
months, what he has paid for help,
the number of bushels of each grain
planted during last year and the
amount of seed required for the
coming year.

In this manner it is hoped, that
all of the seed corn for sale in the
county will be located. Charts made
up of the tabulated facts obtained
in this way will be posted in each
township where farmers may consult
them and supply their needs. Soy
beans, cow peas, oats, clover, pota-
toes and corn are mentioned on the
registering cards.

An especial plea will be made that
farmers fight hard on the oats crop.
According to the statistics gathered
by county emergency demonstration
agent, Marion Dietrick, approxi-
mately 300,000 bushels of oats or
eight per cent of last year's crop
was lost by smut. To save this
amount of oats would mean a saving
of \$18,000 for the farmers of the
county.

"A man that refuses to improve
his farm to the highest grade of ef-
ficiency this year is merely patting
the Kaiser on the back," stated Mr.
Dietrick in giving the report of the
institute held at Purdue. Better seed
to reduce the insect fungus, and to
weed out the scrub stock will all be
purposes in the campaign.

The cattle question will also be
brought up. Mr. Dietrick has figured
that the average dairy cow has pro-
duced 3,380 pounds of milk in Rush
county during the past year. A fair
year for a good cow is 7,000 pounds
of milk. Farmers will be urged to
improve the standard of the stock.
An endeavor will be made to locate
sheep and to urge farmers to place
more sheep on their farms. There

Personal Points

—Harrie Jones was a business visitor in Indianapolis today.

—Mrs. C. M. Brooks of Glenwood was a visitor here yesterday.

—John T. Swain of Gwynneville spent yesterday here on business.

—Miss Mary Northam of Arlington was in the city yesterday shopping.

—Clifford Reddick has returned from a short business visit in New castle.

—Mrs. A. E. Mahan went to Connersville yesterday for a visit with friends.

—Mrs. George Gray went to Brookville yesterday for a visit with relatives.

—Mrs. Jennie Barnard of Arlington was the guest of friends in this city yesterday.

—Miss Bertha Haywood was the guest of friends in Glenwood yesterday afternoon.

—Virgil Mahin of Manilla is spending the week with Mr. and Mrs. S. R. Mahin near this city.

—Mr. and Mrs. Walter Hubbard have gone to Seymour for a visit with Mr. and Mrs. Ruby Davis.

—Mr. and Mrs. Roy Walton returned to their home in Connersville yesterday after a visit in this city.

—Mr. and Mrs. Marion Brooks returned to their home in Connersville yesterday after a visit in this city.

—Mrs. Wilbur Wilson has gone to Connersville where she was called by the death of her brother J. L. Champion.

—Miss Josephine Kelly spent the afternoon in Indianapolis with friends and will attend the theatre this evening.

—Miss Hazel Bennett has returned to her home in Connersville after a short visit here, the guest of Miss Gertrude Walters.

—Mrs. I. L. Endres and daughter Harriet Lee have returned from a month's visit with relatives at Peru and Bloomfield, Ind.

—Miss Helen Harrol of Indianapolis returned to her home this afternoon after a few days' visit here, the guest of relatives.

—Misses Dora, Moll and Louisa Mahin have returned to their home near this city after spending a few days with relatives in Manilla.

—The Misses Lillian Rafferty and Lora Pearson of Shelbyville have returned to their home after spending a few days with friends here and at Manilla.

J. L. CHAMPION DIES AT CONNERSVILLE

Former Rushville Man Expires of Brights Disease Tuesday Night at Nine O'clock

FUNERAL THURSDAY AT 2 P. M.

J. L. Champion, 43, a former resident of this city died last night shortly after nine o'clock at his home in Connersville after an illness which lasted almost three months of Bright's disease.

The deceased had been employed in this city as a paper hanger. He lived here 18 years and took his family to Connersville last March. He is survived by the widow two daughters, Ruth and Mary and one son, Clifford. His mother, Mrs. J. C. Champion of Madison, a sister, Mrs. Wilbur Wilson of this city, and one brother, Jerome Champion of Madison also survive.

Mr. Champion was a member of the Modern Woodmen lodge and the Christian church of this city. He had been employed with the Rex Manufacturing company at Connersville.

The funeral services will be conducted tomorrow afternoon at 2:30 o'clock at the late residence by the Rev. L. E. Brown and burial will be at Connersville.

FEW DAYS YET TO PAY WATER BILLS

Delinquents May Settle While List of Consumers to Turn Off is Being Completed

ABOUT 100 ARE STILL UNPAID

Due to the time which is necessary to get the list of delinquent water consumers ready to be given to Supt. Mahin, preparatory to the turning off of the water, a few days of grace have been given to the delinquents who are taking advantage of the extra time arriving at the city treasurers' office in great numbers yesterday and today to pay their bills.

About one hundred are still on the delinquent list, according to City Treasurer Helm, and unless the bills are paid before the list is given to Superintendent Mahin their water will be turned off.

Miss Elva Mull, daughter of Mr. and Mrs. W. A. Mull who has been very ill, is rapidly improving.

Days Pickings

Christian Fox is ill at his home in West First street.

A baby daughter was born to the wife of Herschell Beercraft northeast of the city this morning.

Leland Campbell of McGill, Nev., formerly of this city has enlisted in the aviation service and is awaiting a call. He expects to be called within a month's time.

TWO GAMES THIS WEEK

The members of the Fairview Athletic association will play the Cambridge Independent basketball team on Sunday evening in the Fairview gym. The Em-Roes will play the members of the Fairview team on Wednesday evening, Jan. 30.

KEEP LOOKING YOUNG

NEED LOOKING AFTER?

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of leaving a sallow complexion—dark rings under your eyes—pimples—a billious look in your face—dull eyes, with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action.

Write today to the nearest drug store about

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

The character of John Stuart Webster, the mining engineer, who loves peace but makes fighting a business, when forced into it, is a typical Kerrigan rôle. The scenes were laid in an Arizona desert, in Denver and New Orleans and in a Central American republic which is on the verge of a revolution. Miss Lewis's rôle is that of the keeper of a "cantina," or drinking saloon, frequented by the lower types of Central Americans. She was the wife of an artillery officer, one of the personal staff of the president of Sobrante, a Central American republic. Both president and his soldier were executed as the climax of a revolution, the faithful officer saving the president's little daughter from the palace of fire by placing her in the arms of his wife who escaped.

If you have never seen how gracefully wooden Dutch shoes can be worn you should see June Caprice as the little Hollander in William Fox's "Every Girl's Dream," at the Grand theatre tomorrow.

But this is only one of the many

"The President of the United States

which is the most delightfully amusing picture in which the Sunshin Maid has ever appeared.

The story is laid in Holland and tells of the fortunes of a lost prince and princess who were living in the little town of Olenberg as foster children. It is filled with exciting intrigue and adventure and contains as sweet a love story as one ever

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical debility. Many times the kidneys were to blame. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60c. This "Anuric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package.

Lewis, Ind.—"For a long time I suffered from backache, pain in left side, frequent kidney excretion, bothering me at all times during the day and night, and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of Anuric and at once began its use. After giving it a good trial I believe it to be the best kidney remedy on the market to-day. I have tried other kidney medicines, but these Anuric Tablets of Dr. Pierce's are the only ones, in my opinion, that will cure kidney and bladder troubles."—HARRY A. LOVE.

COUNTY SEAL SALE MOUNTS TO \$427

Final Returns From Red Cross Seal Campaign Show That Mark Far Surpasses Former Ones

\$339 FROM RUSHVILLE ALONE

Carthage Netted \$42 and Milroy Brought In \$27 in Addition to Four Other County Towns

The final returns from the Red Cross seal sale show that the sum of \$427.36 was taken in from the seals during the few weeks preceding Christmas in this city and other towns over the county. The mark far surpasses that of any previous year. Aside from this city, more seals were sold in Carthage than in any other town in the county where the fund totalled \$42.27. Next came Milroy, where the seal sale amounted to \$27.32.

The report also shows that of the sale letters sent over the county of which there were almost two hundred, only 600 stamps were returned. Seventy thousand seals were sent to this county and 27,264 of this number were returned unsold.

The complete report with the amount taken in from the seals in each of the towns in the county where the seal sale was conducted follows:

Rushville ----- \$339.25

Glenwood ----- 3.85

Gings ----- 3.17

Milroy ----- 27.32

Carthage ----- 42.27

Manilla ----- 4.50

Raleigh ----- 7.20

LOCALS EXPECT HOT CONTEST ON FRIDAY

Although Last Game With Connersville Scored Victory, Opponents Have Made Good Record Since

ON THE CONNERSVILLE FLOOR

The basketball squad of the local high school will go to Connersville Friday evening where the second game between the two schools, for this season, will be staged. The first game between the two rival teams was played here several weeks ago and was a victory for the local boys.

Since the game which was played here, however, the Connersville boys have made a brilliant record and through an efficient coach, have worked up an unusually strong team. In order to overcome these odds, the local team is spending the week in hard practice.

The local team expects to be backed by scores of loyal rooters at Friday's game, which is expected to be one of the most interesting of the season. Because of the limited number of tickets which will be sold for the game, Rushville basketball fans who want to attend the game must purchase their tickets from Principal Stewart at once.

PLANS BEING MADE TO ISSUE HISTORY

Continued From Page 1

Subscriptions must be paid for in advance, as the number of volumes published will be limited to the number published will be limited to the number to secure additional copies later.

This record of war activities is being prepared under the auspices of the Rush county chapter of the Red Cross, for the benefit of the patriotic citizens of the county, and not for the purpose of making money, or creating a fund for the organization. The intention is to produce a brief history of important events transpiring in the county, while history is in the making.

No canvass or personal solicitations for subscriptions will be made, and no orders for copies accepted unless paid for. Books will not be held on request, and when the edition is exhausted, copies will not be available. The opportunity to obtain a valuable history of important local events of the past of publication is being offered, and it should not be missed.

STUDENTS LIKE THE CONSERVATION PLAN

One Session Instead of Two Pleases Students in All of Schools Who Willingly Co-operate

KEEP OUTSIDE DOORS CLOSED

Students in the Rushville schools have shown their willingness to aid in the fuel conservation by their ready co-operation in the new schemes which were started at each of the schools Monday. Conservation was practiced in two ways—by condensing the morning and afternoon sessions into a lengthened morning session, and by keeping all outside doors closed to prevent the cold air from coming in and lowering the temperature.

Rests of ten minutes each are given at 10:10 and 12:10 when the pupils may move about the buildings and at the latter time, may eat a lunch if they wish to bring one. School lasts from 8 o'clock until 1:15. The young people will no doubt approve of the plan, not only because of the opportunity to show their patriotism in aiding the fuel commission but too, because of the half holiday they receive.

DISTRICT MEET HELD UP

Session of Red Men to Take Place Here Postponed

The district meeting of the Red Mens lodges of this district which was to be held in this city Tuesday, February fifth, has been postponed indefinitely.

The action taken by several of the lodges last week in view to the fuel conservation was to the effect that no meetings of any kind would be held during the present fuel shortage. The meeting will probably be held late in February or at the latest during the month of March.

COUNTY WILL AID IN FOOD CAMPAIGN

Continued From Page 1

only one half enough wool now to supply the demand and Rush county farmers can aid this shortage by raising more sheep. Ten sheep on a farm will clean up the weeds and are very small expense for feeding.

G. L. Christie, director of the extension work at Purdue, stated during the institute that he had had advance notice that within a very short time, the making of white bread would be stopped by the ruling by the government.

KILLED IN ACTION

(By United Press.)

Washington, Jan. 23.—Corporal Walter Roberts was killed in infantry action on the west front Sunday, General Pershing cabled the war department today. His home was in Washington.

He Removed the Danger Signal

"I suffered a long time with a very weak back," writes Fred Smith, 355 Main St., Green Bay, Wis. "A few boxes of Foley's Kidney Pills completely relieved me of all soreness and pain in the back, and now I am as strong and well as ever. One cannot help becoming nervous and feeling tired and worn out when the kidneys fail to filter and throw out of the system the poisonous waste matter that causes kidney troubles and bladder ailments. The combination of Nature's danger signals that the kidneys are clogged up and inactive. It is often followed by rheumatism, annoying bladder or urinary disorders, kidney swellings under the eyes, swollen ankles and painful joints. Foley's Kidney Pills get right at the source, we trouble the kidneys, and restore them to healthy action and the entire system is benefited. For the kidneys are the danger zone of the body. If they fail, the entire system is in danger. The danger is removed by the action of Foley's Kidney Pills."

INDIANAPOLIS AND CINCINNATI TRACTION COMPANY

Indianapolis, Indiana

January 21, 1918.

TO FRIENDS AND PATRONS OF THE COMPANY.—

I am please to inform you that in response to our petition, greatly strengthened by your co-operation, the Public Service Commission of Indiana, on Saturday last, granted to this company an increase in freight rates equivalent to that recently granted the steam railroads, and an increase in passenger fares from a basis of 2 cents per mile to 2½ cents per mile.

In the various meetings with you, I explained, as set forth in our petition, that these increases were necessary, on account of the increased cost of operation, in order that the Company might continue to carry on its business and would not provide any money for the payment of dividends.

We quote from the petition:

"While dividends should be provided for, if at all possible, we do not deem it wise at this time to ask for any greater increase in fares than those set out in this petition, hoping that the cruel war will soon be over and we will get back to normal conditions in the no distant future."

At the hearing before the Commission, it was disclosed that the stockholders of the Company have an investment in the capital stock at this time of over \$3,000,000, on which they are not receiving and will not under the increased fares receive any dividend whatever.

The Commission, in its opinion, both in the freight case and in the passenger case, was very complimentary to the Company and the service given by it. We quote the following paragraph from the freight decision:

"Laying aside analysis of costs and return on investment, the question that is uppermost in the minds of the Commission is the justice of requiring the interurban railroads to render, at a lower rate, the same, if not better, service than that rendered by the steam railroads. The record indicates that the service of this character rendered, is not only equal, but superior, to that of the steam railroads. There are on file with this commission, petitions from civic organizations of towns and cities in Indiana located on the lines of the Indianapolis and Cincinnati Traction Company, and there are also letters from shippers in Indiana towns and cities, for relief to be given, so that the service may be continued. There have been no serious protests against increased rates for the interurban service, except on the part of a group of Indianapolis shippers."

"The superiority of interurban freight service is quite generally recognized by shippers and Commissioners."

"Testimony indicates that in some respects, the interurban freight service closely approaches the service rendered by express companies."

In the opinion rendered in the passenger fare case, the Commission says:

"The petitioner expressly waives any desire to secure increased rates for the purpose of payment of dividends, but asks for only sufficient increases in rates to provide enough additional revenue to take care of operating expenses and fixed charges against the Company."

"The record reveals that after March 1, 1918, the petitioner will almost certainly be required to pay an increase in the mine cost of coal of approximately 120%, which alone will mean an added cost of operation of approximately \$37,000 for the year 1918."

"The evidence also discloses that in the cost of materials of a metallic nature, expenditures for which constitute a large portion of the operating cost of the petitioner's lines, there have been great increases over normal."

"The evidence discloses that the petitioner's business has been in the hands of competent and efficient officers. Economy has been practiced in the management and operation of the lines. The salaries and wages paid are, in many instances, extremely low, although it does not appear that this fact has resulted in inferior service or the employment of incompetent workmen. It is clear, also, that the actual operation of the Company's lines is carried on in a reasonably efficient manner. The Commission is unable to find where material reduction in the operating expenses of the lines could be made without consequential rendering of inadequate or improper service."

The Commission, in the passenger decision, in a complimentary way, refers to the co-operation of our patrons, in the following words:

"The record bears evidence that the public which would be affected by the granting of this petition is aware of the injury which would likely result from the failure of the petitioner to secure relief. There are before this Commission petitions from forty business houses and organizations of Rushville, and from seventy citizens of Connersville, asking the Commission to grant the increase in passenger rates prayed for. Numerous letters are before us from citizens and business men of Greensburg making the same request. A letter from the Chamber of Commerce of Shelbyville states that the business men of Shelbyville have no opposition to the increase."

We fully realize, as will you, that the increased fares and rates we are permitted to collect will barely take care of the increased expenditures now in sight and may not be enough to take care of those which will unavoidably come. We confidently rely upon your further co-operation in all efforts to keep down unnecessary expenditures and demands upon the Company during these perilous times. All street and other improvements which will call for expenditures by the Company should be deferred, as they cannot be made without further increased charges for passenger and freight service.

With your assistance, we will bend all of our energies not only to the keeping of our present standard of service, but to a constant increase of its efficiency so that your communities will all be more than ever benefited. This is especially necessary during such times as the present when steam railroad service is so seriously affected as to deprive the communities of what they have heretofore had at their hands.

The Commission writing the opinion in the passenger case well says:

"With the outbreak of the European War and, later, with our entrance there-in, there have come conditions wholly beyond the previous imagination of any man. As if overnight we suddenly have been catapulted from an era of economic tranquility into a maelstrom of economic revolution—the path of which has enveloped the entire industrial and commercial activities of the nation. There is no longer such a condition as a normality of business, and almost every industry or commercial institution finds itself facing critical problems for which there are no landmarks or guide posts."

Under such conditions, we will all find our path difficult, but with our united efforts I hope we will be able to weather the storm.

Thanking you for your very kind and enthusiastic co-operation and hoping that our country will soon be successful in the war in which it is engaged, I am,

Very respectfully,

CHARLES L. HENRY, President

 † in the afternoon.

The contest in which every League in the district is entering was discussed and it was decided to make a vigorous effort to win the contest which will culminate at the League convention in the spring. Beginning next Sunday statistics for this contest will be gathered from the members. Mert Wolcott offered to give free drugs to anyone who was being aided through the Mercy and Help department of the League, and was unable to buy them. The next meeting of the cabinet will be held with Mr. and Mrs. Wolcott on February 19.

The home of Mr. and Mrs. C. C. Cotton in Manila was the scene of a prettily appointed dinner party, Saturday when they entertained in honor of the nineteenth birthday of their daughter Edna. Cut flowers and greenery were arranged about the dining room in artistic profusion and made a pretty center decoration for the table.

Covers were laid for Misses Faye and Freda Rash, Miss Gertrude Moore, Miss Justine Brown, Miss Faye John, the Misses Opal and Lillian Martyn, Miss Faye Edwards, and the Misses Marie and Emma Brown of Manilla, Miss Dora Mull and Louisa Mahin of this city, Miss Lillian Rafferty and Miss Lora Pearson of Shelbyville.

* * *

The Loyal Daughters class of the Main Street Christian Sunday school which has turned out a great amount of Red Cross work during the summer and fall spent most of the meeting which was held last night at the home of Miss Rema Mahin, 830 North Morgan street, in Red Cross work.

The regular business meeting was held and at the close of the evening the hostess, who was assisted by Miss Sylvia Lakin, Miss Frances McMahon and Miss Mable Mahin, served a two course luncheon.

Mrs. Sarah Guffin entertained with a prettily appointed dinner today honoring Lieut. H. V. Logan who will leave Friday for Ft. Riley, Kan., to take training in the medical department of the officers reserve. The guests included Lieut. and Mrs. Logan and daughter Olive, Clarence Carney and daughter Marian.

Dr. and Mrs. J. T. Paxton are entertaining with a six o'clock dinner party this evening in honor of Lieut. H. V. Logan. The guests include Dr. and Mrs. Veri Bebout, Lieut. and Mrs. Logan, Mrs. H. H. Elliott and daughter Florence, Rev. and Mrs. John Aikin, and Mrs. Mary Paxton of Hamilton, Ohio.

A number of tickets have been sold for the Firemen's ball to be held at the Modern Woodmen hall this evening, the proceeds from which will go toward buying uniforms for the firemen. A Connersville orchestra will play for the dance and everyone is invited.

Mrs. Tank Griffin will entertain the members of the Social Dozen tomorrow afternoon at her home on North Harrison street. The place of meeting has been changed from the home

There was a full attendance at the meeting of the cabinet of the Exporters League held at the home of Miss Hazel Stech in North Jackson street last evening. Reports from the heads of each of the departments showed excellent progress in each line of work. Fifty-two have been enrolled in the Morning Watch, attended the last meeting of the Bible Study class, and 75 attended the meeting last Sunday evening, in spite of the weather according to the reports given. A Valentine social

I, Edw. V. Jackson, the trustee of Washington township, Rush county, Indiana, do solemnly swear (or affirm) that the preceding report of receipts, disbursements, balances, and service accounts true and correct has been reviewed by me; and I further declare that the sums with which I am charged in this report are all of the sums received by me, and that the various items of expense have been duly ascertained and paid in the sums stated, and without express or implied agreement that any portion thereof shall be retained by or applied to me or any other person. And I have received no money nor article of value in consideration of any contract made by me as trustee of this township.

Oliver Chilled Plow Works

Indianapolis, Indiana, Jan. 19, 1918.

Mr. John B. Morris,
Rushville, Indiana

Dear Sir:—No one can tell at this time what the situation is going to be in regard to making shipments later on in the season, nor can we tell whether or not we shall be able to get all the material necessary to furnish all of the parts required to take care of your requirements.

In order to protect you and your customers, as well as ourselves, to as great an extent as possible, we should like for you to see that your farmer customers order from you, and you from us, such repairs as may be necessary to put their tools where they are to be repaired, in first class condition, ready for use; also spares and other parts that will be needed from time to time during the plowing, seeding and cultivating season.

Very truly yours,

OLIVER CHILLED PLOW WORKS
C. F. ROGERS Manager

The above letter has been received by me direct from the manager of the Oliver Chilled Plow Works, and explains very thoroughly the present situation. Your orders are solicited.

John B. Morris

County News

Fairview
Miss Edith Bowles and Glen Smelser have returned from Camp Taylor Ky., where they were the guests of Lt. and Mrs. Herman Smelser. Lt. Smelser met with a painful accident recently when the horse which he was riding fell and caught the riders foot under its body. One of the bones in his leg was broken.
Mr. and Mrs. Walter Rees have moved from the Edward Piper farm to their home in Fairview which they recently purchased from Wilbur Gibbs.
Mr. and Mrs. Allen Chance, Miss Lone Piper and Glen Smelser were the guests of Mr. and Mrs. Wilbur Gibbs Saturday evening.
On account of the cold weather there were no services at the Fairview Christian church Sunday.
The farm formerly owned by Webb Ensminger has been sold to Mrs. Elizabeth Stolz. The farm contains sixty acres and was sold for \$14,000.

Neffs Corner

The revival meeting which has been in process at the Hopewell United Brethren church has closed on account of the deep snow and severe weather. The Rev. Mr. Thornburg who conducted the meetings returned to his home Thursday.
Roseoe Lefforge transacted business at Milroy, Thursday.
Angus Miller sold forty-five head of hogs to Bert Beaver of New Salem Thursday.
William Scott and John Ryehman were business visitors in Rushville Thursday.
Walter Sherwood visited friends in Laurel Thursday.
Dr. H. C. Metcalf of Andersonville is very ill and is under the care of his father, Dr. H. P. Metcalf of New Salem.
Mr. and Mrs. James Ryehman of Andersonville have moved to the farm of Roseoe Linville.
The Neffs Corner school has been closed by the trustee, E. A. Farthing on account of the deep snow through which the school hack can not travel.

Doyle-Emisweller is seriously ill, suffering with the measles.

Raymond Benning, Rushville.
Charles F. McCullough, Carthage.
Edward Cooning, Rushville.
Clair G. Harrison, Rushville.
Donald Newman, Rushville.
Charles E. York, Milroy.
William T. Keller, Rushville.
Russell Skipton, Rushville.
Stacy C. Hinkle, Rushville.
John A. Gebhart, Carthage.
Raymond F. Higgins, New Salem.
Lawrence Cameron, Rushville.
Augustus M. Williams, Rushville.
Elmer L. Thorp, Rushville.

NATURALIZATION PROBE

(By United Press.)
Washington, Jan. 23.—A nation wide probe of naturalization papers is being conducted by the department of justice. Already frauds in obtaining citizenship was uncovered in large numbers. Officials think through this discovery they have broken another thread in the German spyweb.

VINOL CREATES STRENGTH

Positive—Convincing Proof
It is all very well to make claims, but can they be proven? We publish the formula of Vinol to prove the statements we make about it.
Cod Liver and Beef Peptones, Iron and Manganese Peptones, Lysine and Arginine, Calcium, Phosphorus, Potassium, Sodium, Chlorine, Iodine, and other essential elements.
Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.
All weak, run-down, overworked nervous men and women may prove this at our expense.
There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.
Try it. If you are not entirely satisfied, we will return your money without question, that proves our fairness and your protection.

SERVICE

1918
Must Be a
Year of
SERVICE

The Keynote was struck by a young Aviator instructor not long ago. When addressing his men he said:

"MEN, WE MUST REALIZE WHEN WE COME INTO THE SERVICE OF OUR COUNTRY THAT WE ARE NOT ONLY FIGHTING FOR FREEDOM, BUT FOR THAT OF HUMANITY AND RIGHTEOUSNESS."

Can there be any more splendid resolve, with this ideal in view, than that we stand—to a man—by our President and our Country until this war is won?

To AID in the Successful Termination of this world war we must each of us help in every way we can. We should conduct our business affairs along conservative lines, that our Earnings and Profits may be available for every Need and Call of Our Country.

SEVERAL MEN ENROLL IN WORKING RESERVE

Mechanics and Wood Workers Give Names to County Agent to Be Sent on to Washington

MUST BE OUT OF DRAFT AGE

Several men have already enrolled with A. L. Stewart, county enrolling agent, signifying their willingness to serve the government in the capacity for which they are best fitted. Two of the men are woodworkers, three are finishers, one is a band sawyer, and two are mechanics. The names of the men have been sent to headquarters at Washington and when they are needed, they will be called by the government. The list from this city will not be as long as it will from some other towns of its size where there are more factories located.

Men enrolling in this way cannot be of draft age and must be between 18 and 21 or over 31. Mr. Stewart stated this morning that the men who had enrolled from here if they were called might be assigned to work in constructing aeroplanes.

BLOW TORCH CAUSES FIRE

Small Damage Done by Blaze to I. & C. Supply House

Thawing frozen water pipes with torches caused a small blaze at the supply house back of the I. & C. traction station this morning at 7:40 o'clock. A part of the building near the pipes burned, causing a loss of about \$5. The alarm was phoned in and the chemical wagon from the fire department answered the call. The chemicals quickly extinguished the fire.

Rests Fine All Through Night

Nerves Used to Keep Her Awake But It's Different Since Tanlac Came

"I used to be so nervous that there were lots of nights that I couldn't get to sleep until almost morning," said Mrs. Ike Slessinger, 945 North Illinois street.

"Any sudden noise would just make me jump. The loss of sleep was telling on me, too, for I was getting thinner and thinner."

"My appetite was poor, also. I didn't eat very much and what little I did eat would cause gas to form in my stomach and make me feel bloated."

"Well, I read so much about Tanlac that finally I tried it. The first bottle helped me. Yes, sir, it put my stomach back in good shape, but I kept on taking Tanlac and after the second bottle I began sleeping better."

"I'm not half as nervous now as I used to be and I sleep fine all through the night. I've gained five pounds in weight, too."

"I think Tanlac is a grand medicine and I recommend it."

Tanlac is designed especially to build up run-down systems. Get Tanlac if you are not feeling right and get it today. You can get Tanlac at F. E. Wolcott's drug store. (Adv.)

ADDITIONAL SOCIETY

(Continued From Page 6.)

for a number of the members of the Sorosis club to attend the meeting here yesterday, the meeting was postponed indefinitely.

The regular meeting of the Kappa Kappa sorority was held last night at the home of Miss Helen Black in North Jackson street. Following a short business session the meeting was changed into a knitting party after which the hostess served a one course luncheon. The next meeting will be held Monday evening at the home of Mrs. Roy Harrold in North Perkins street.

Mrs. Lon Link was hostess to the members of the Missionary society of the First Presbyterian church yesterday afternoon when the regular meeting was held at her home in North Perkins street. A short business session followed by a social hour comprised the afternoon's meeting.

Mrs. Charles Green was hostess to the members of her Five Hundred club last night at her home in West 10th street. Guests for three tables were entertained and a dainty luncheon was served.

Dr. and Mrs. J. B. Kinsinger entertained at dinner last evening at their home in North Harrison street when their guests were Mr. and Mrs. T. W. Bether.

The case of the Motor Securities company against the Lexington Howard Automobile company of Connersville, for \$1,100 on a contract has reached the circuit court here on a change of venue.

Multipled centuries ago, the wise men of the Orient were asking "Why does a good man have trouble in this world?" Do you know what I don't come to the First Presbyterian church week prayer service on Monday night at 7:30 o'clock at the parlors of the Cottage Hotel and then find out what the Book of Job has to say about this important problem of human life. Special music will be an interesting part of the service 28341
